

Paul Revere Academy Enrollment and Lottery Procedures

Enrollment

Paul Revere Academy shall enroll all eligible students who submit a timely application, unless the number of applications exceeds the capacity of a program, class, grade level or building. Paul Revere Academy shall not limit admission based on ethnicity, national origin, gender, income level, disabling condition, and proficiency in the English language or athletic ability.

Enrollment Preferences: Paul Revere Academy shall give enrollment preference to:

- a) Students returning to the charter school in the second or any subsequent year of its operation;
- b) Siblings of students already enrolled in the charter school;
- c) Siblings of students selected through an equitable selection process such as a lottery.

Paul Revere Academy may give enrollment preference to and reserve capacity for students who are children of any of the following:

- a) Employees of the school
- b) Employees of the charter holder
- c) School founder

Paul Revere Academy shall also give enrollment preference to students who have attended another charter school or are the siblings of that student if the charter school previously attended by the student has the identical charter holder, board and governing board membership as the enrolling charter school or is managed by the same educational management organization, charter management organization or educational service provider as determined by the charter authorizer.

Lottery

If remaining capacity is insufficient to enroll all eligible students who submit a timely application, Paul Revere Academy shall select students through an equitable selection process such as a lottery. All remaining applications after the lottery shall be placed on a waiting list, in the order in which they were drawn in the lottery.

Paul Revere Academy may refuse to admit any student who has been expelled from another educational institution or who is in the process of being expelled from another educational institution.

The Principal of Paul Revere Academy shall determine if students will be admitted in accordance with whether the School has the capacity to serve the student without adversely impacting the educational opportunities for students currently enrolled. Factors to be considered in making this determination include, but are not limited to, the following:

- Physical capacity of the school building and classrooms
- Availability of staff members
- Capacity in relevant classes, classrooms and special resources
- Availability of other resources
- The student's admission does not violate the provisions of a court order.

Capacity

Enrollment projections will be made for each school, grade level and special program on an annual basis. Enrollment projections will include students who complete re-enrollment forms and enrollment forms received after the 1st of the calendar year.

ENROLLMENT APPLICATION & REGISTRATION PROCESS

APPLY

- VISIT WWW.PAULREVERE.TECH
